Shipherd's testimony, to-day, was the first that has been sensational for some time. Even some of the committee are inclined to distrust Shipherd, but others think there is much truth in his story.

Senator Miller, to-day, offered a resolution, which was agreed to, calling upon the secretary of the incalling upon the secretary of the in-terior to furnish the Senate a full and complete list of all unsettled claims filed in the office of the com-missioner of Indian affairs for sup-plies alleged to have been furnished to Indian and services rendered the Indian bureau for their benefit. This is designed to facilitate the passage of the pending bill that provides authority for the accounting officers of the treasury to credit all such claims, a large proportion of which are due to Pacific Coast

merchants. Representative George, from the House committee of commerce, to-day, reported back favorably his bill to extend the operations of the light-house board over the William-ette and Columbia Rivers, and appropriating \$30,000 for lights; and had the same referred to the committee on appropriations in order to have it incorporated in the forth-coming sundry civil appropriation bill. We have virited only three important cities; San Francisco, Washington and New York, since we have been here. San Francisco is something like Hong Kong. The minister greatly ad-mired the pavements, buildings and society of Washington. The conduct of the little darkies of Washington pro-voked me very much. They used to fol-This is the first time we have been here. While we were riding up Broadway to the hotel he said: This is a wonderful and commercial city. It is better than San Francisco. We came from Wash-ington unattended. We shall visit Governor's Island on Thursday (to-morrow).
We will receive our countrymen in this city. To-night t have had three visitors, all of whom were reporters. We are very much pleased with the cordiality with which we have been received in Americs.

### Rebellious Officers.

Cairo, 12.-Sixteen Circassian officers are arrested in connection with a plot to assessinate the minister of war. Dissatisfaction with non-promotion actuated them.

Government has been aware for some time of the existence of discontent. Over forty officers had intended to petition forty officers had intended to petition government in regard to promotion, and if unsuccessful, kill Arabi Bey. One of them having turned informer, nineteen others were summoned on various pretexts to the ministry of war, where they were arrested. Soveral carried concealed arms.
